

AT EVERY STEP OF THE WAY

Hand Lifter 60-Series

No need for touching sharp or hot metal anymore!

Hand Lifter 60-M

- Ergonomic swivel handle follows the angle when dragging sheets
- Allows for various dragging, lifting and handling applications
- Combines the upsides of permanent magnets (Fail-safe) with the flexibility of an electromagnet (complete On/Off actuation)
- Magnet stays clean and with its 100% duty cycle, there is no loss in power
- Attaches to various surfaces and shapes
- Does not require any electrical power source - Push and turn the knob – and feel the power of Magswitch

Dragging, moving, lifting

Also powerful hold in shear

Hand Lifter 60-CE

- Ergonomic handle & button position for one-hand-operation
- Attracts and releases ferrous material by the push of a button
- Switches in less than a second / 2000 activations per charge / 20 min. to recharge
- Combines the upsides of permanent magnets (Fail-safe) with the flexibility of an electromagnet (complete On/Off actuation)
- Magnet stays clean and with its 100% duty cycle, there is no loss in power
- Attaches to various surfaces and shapes
- Including Charger (110-240V) and 2x Batteries

Frees up your second hand

V-Cut attaches to various shapes and surfaces
