

# Lukas Dual Lens Dash Camera with GPS and ADAS (8GB + 32GB)

REAR VIEW  
**SAFETY**  
A Safe Fleet Brand

LK-9390

This dual lens dash camera comes with built-in ADAS (Advanced Driver Assistance Systems) which provides a host of safety features together with its full HD video recording. These features include a forward collision avoidance system as well as a lane departure warning system which help decrease road accidents. Both the front and rear cameras record in full HD and each record onto an SD card with a 512GB capacity. This gives you over a terabyte of total recording capabilities! Camera also comes with a 3.5" touch screen display to navigate easily through the camera settings.

Comes with two SD cards, one 8GB and one 32GB.
