

G-Series Rear View Replacement Mirror Monitor With Built-in Hidden Dash Camera

RVS-718-HBB

This mirror monitor replaces your existing rear view mirror and comes with a built-in hidden dash camera to record full HD video out the front windshield. This monitor also features with parking mode, motion detection and a G-Sensor for event recording. It comes with a camera port as well so a backup camera can be connected making this monitor ideal for multiple functions. It serves as a rear view mirror, can display a backup camera and has a forward facing camera to record out the front. Talk about a powerful monitor!

FEATURES

- 4.3" REPLACEMENT MIRROR MONITOR
- DASH CAMERA RECORDS FULL HD FOOTAGE OUT FRONT WINDSHIELD
- DASH CAMERA EQUIPPED WITH MOTION DETECTION AND G-SENSOR
- ADJUSTABLE DISTANCE GRID LINES FOR BACKING UP REFERENCE
