

PRODUCT ID: 2799

LED Light Engine

MODEL

LE-G/120-277V

DIMENSIONS

3.875" H x 3.875" W x 4.125" D (est. 1.164 lbs)

CONSTRUCTION

Dome: Impact resistant optically clear polycarbonate

Housing: Injection molded white polycarbonate. Medium Edison base, direct replacement for incandescent light bulbs. Recommended for dry location only.

ELECTRICAL

Amps: 0.026A - 0.011A

Input Voltage: 120 - 277 VAC

Power: Solid state, Low power requirements (4.4 Watts each)

ILLUMINATION SOURCE

Color: Green LEDs

Source: Super bright, wide viewing angle LEDs.
